Public Comments

Note 1: This is a working draft agenda subject to final confirmation

Note 2: Comments and statements submitted in writing or at the en banc may be relevant to the proceedings listed on the distribution list for this announcement. It is expected that one or more Commissioners may read these comments and will attend and participate in the en banc. One or more advisors to the CPUC Commissioners, as well as other decision-makers, may also be in attendance at the en banc. The agenda will be publicly noticed on the CPUC's Daily Calendar 10 days in advance, so statements made at the en banc will not constitute a reportable ex parte contact.

Note 3: Written comments on the Draft Gap Analysis/Choice Action Plan are due on November 13th. The California Customer Choice team will post all written comments received expeditiously to the Customer Choice website at www.cpuc.ca.gov/customerchoice.

Since the comments are being sent directly to the California Customer Choice team and will be made publicly available at the same time, under Rule 8.2(c)(3)(A) of the CPUC's Rules of Practice and Procedure, this public posting will satisfy the need to avoid each individual party to have to separately notice any implicated proceedings.

Note 4: No formal action of the CPUC will be taken at the en banc.
