NOTICE¹

In the Matter of the New Jersey Board of Public Utilities Review of the State's Electric Power and Capacity Needs - Docket No. EO09110920

NOTICE OF TECHNICAL CONFERENCE

The New Jersey Board of Public Utilities announces that it will host a technical conference on June 24, 2010 from 9:00 a.m. to 3:00 p.m. (EST) in the Board's Hearing Room at the Board of Public Utilities, 2 Gateway Center, Newark, N.J., 07102.

The conference will be open for the public to attend, advance registration is requested. Members of the Board will attend and participate in the conference.

The purpose of this conference is to seek information on the challenges raised during the 2010 BGS proceeding regarding additional electric generation and capacity needs of New Jersey.

The Board, in its review of these issues in its December 2010 BGS order, indicated that it is always mindful of issues relating to the reliability of the bulk power electric system, and is specifically concerned with ensuring that sufficient generation exists to meet the electric power needs of New Jersey going forward.

Accordingly, the Board directed Staff to develop a process to review the State's power and capacity needs in a separate proceeding, and to make the necessary arrangements to convene a technical conference that would include the participation of key stakeholders.

Attached with this notice is an agenda with a list of topics for the panel. The Board welcomes both industry and public comments on this subject. The deadline for comments under this docket is July 2, 2010, and comments may be submitted to board.secretary@bpu.state.nj.us.

For more information about this conference and to register, please contact: Victoria Fisher at Victoria.fisher@bpu.state.nj.us, (973) 648-4361.

A handwritten signature in black ink, appearing to read "Kristi Izzo".

Kristi Izzo
Secretary of the Board

NJ Capacity Issues Technical Conference

Docket No. EO09110920

June 24, 2010

Agenda

9:00 Welcome by NJBPU Commissioner Elizabeth Randall

9:05 Capacity Issues Panel

This panel will explore the state of the wholesale electricity markets in New Jersey. The panel will examine whether, there will be adequate supply resources available over the next ten years to meet forecasted demand, and where potential reliability and system congestion problems might exist in New Jersey. The panel will also explore the types of supply resources being proposed and potentially available both at PJM and projects filed with the New Jersey DEP.

Steve Herling - Vice President, Planning, PJM

Mike Kormos - Sr. Vice President, Reliability Services, PJM

Gene Meehan - Senior Vice President, NERA Economic Consulting

William O'Sullivan, P.E. - Director, Division of Air Quality, NJDEP

7-10 minutes each speaker, followed by Commissioner questions.

10:30 Potential Obstacles Panel

This panel will explore the obstacles, if any, hindering the development of supply resources in New Jersey. The obstacles include, but are not limited to, project financing, environmental constraints, siting, and other obstacles that may deter projects being developed in specific areas of New Jersey.

Brian Chin - Director, Equity Research, Electric Utilities, Citi Investment Research

Raymond DePillo - Vice President, PS Power Operations and Asset Management

Jay Horine - Managing Director, JP Morgan Securities, Inc.

Robert A. Weishaar - PJM Industrial Customer Coalition

Steve Herling - Vice President, Planning, PJM

Mike Kormos - Sr. Vice President, Reliability Services, PJM

Gene Meehan - Senior Vice President, NERA Economic Consulting

NJDEP Representative

5-7 minutes each new speaker, followed by Commissioner questions.

12:00 Break for Lunch

1:00 Possible Solutions Panel

This panel will examine potential solutions that would enhance New Jersey's ability to attract the development of new capacity resources.

Stefanie Brand - Acting Public Advocate, Rate Counsel,
David Ellis - Senior Vice President, Business Development, Comverge
Tom Hoatson - LS Power Development, LLC
Ralph LaRossa - President and COO, PSE&G
William Longhi - President and Chief Executive Officer, Orange & Rockland Utilities, Inc
Donald M. Lynch - Principal Executive Officer, JCP&L
Vince Maione - Region President, Atlantic City Electric
Steve Herling - Vice President, Planning, PJM
Gene Meehan - Senior Vice President, NERA Economic Consulting
Brian Chin - Director, Equity Research, Electric Utilities, Citi Investment Research
Raymond DePillo - Vice President, PS Power Operations and Asset Management
Jay Horine - Managing Director, JP Morgan Securities, Inc.
Mike Kormos - Sr. Vice President, Reliability Services, PJM
Robert A. Weishaar - PJM Industrial Customer Coalition

5-7 minutes each new speaker, followed by Commissioner questions.

3:00 Closing Remarks by Commissioner Randall
