The attorney examiner finds:

- (1) On July 10, 2007, the Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company (collectively, the "Companies") filed their application in the above-captioned proceeding seeking approval of a competitive bidding process (CBP) designed to procure supply beginning January 1, 2009 for the provision of Standard Service Offer electric generation to the Companies' retail electric customers who do not purchase electric generation service from a competitive supplier.

The examiner, however, finds that it is appropriate to afford interested persons a sufficient amount of time to review the Companies' application prior to the conference. Accordingly, a technical conference will be held at 9:30 a.m. on Thursday, August 16, 2007, in hearing room 11-E at the Public Utilities Commission of Ohio's (Commission's) offices to allow interested persons the opportunity to better understand the filing. Furthermore, the examiner will establish a procedural schedule for the above-captioned proceeding at a later time.

It is, therefore,

ORDERED, That a technical conference be held at 9:30 a.m. on Thursday, August 16, 2007, in hearing room 11-E at the Commission's offices. It is, further,

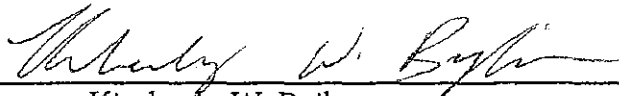

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
